HOW CONTENT AND CURRICULUM FROM

IS DESIGNED AND STRUCTURED

Our **SCRIPTURE BASED** content and curriculum leverages the lectionary of readings as both the foundation for the weekly lessons and structure of **Orthodox Journeys** content.

Whether the **feast of Pascha** is early or late each year, the movable and fixed cycles of fasts and feasts and saints are **seamlessly woven into our curriculum** like tectonic plates which ebb and flow each year.

Leveraging aspects of the regular **liturgical traditions** and **divine services** experienced throughout the year, the **message of Christ's** miracles and teachings are central to the lessons, encouraging young people to keep God at the heart of their daily routines.

We believe **participation** in the **LITURGICAL LIFE** of our Orthodox Faith comes in a variety of forms – **singing**, serving in the altar, creating **icons**, **praying** in church and at home, reading **scripture**, doing acts of **charity**, and many other ways! Children of all ages deserve the opportunity to discover **how they can live as Orthodox Christians** expressing their belief and joy in Jesus Christ.

Children are busy with many activities, so each lesson is designed to provide the **FOUNDATIONS OF THE ORTHODOX FAITH** in less than an hour each week. Coupled with **regular chats with parents** and participation in the **life of the church**, we can help you nurture confidence and a desire to learn about the Faith, potentially help them **make wise decisions** when faced with the **serious choices in life**.
